Vail Ski Resort is the largest resort in the United States with some of the most diverse and expansive skiing in the world and blessed with over 300 days of sunshine a year. The Front Side of Vail is home to the most groomed terrain on the planet while the World Famous Back Bowls offer wide open skiing and amazing views.

After skiing or other winter activities Vail has so much to offer including world class dining, shopping and spa facilities. Cozy, without cars, the awesome mountain deployed in front as you walk leisurely down the cobble-stone streets, the town of Vail runs the gamut from elegant shopping, to quick café latte's, fine dining, and everything in-between. Nowhere else will you find such a world class dining experience concentrated in a small walkable setting like Vail. From five star restaurants to the local pizza place, Vail has everything you could ask for in a dining experience.

VAIL Like Nothing on earth! Vail boasts 3 distinct areas of the mountain, each with their own features and fortes, including 3 terrain parks, 7 bowls spanning 7 miles and 5,289 acres of blank canvas. There are 193 trails, 31 strategically placed lifts and 1 gondola. Vail has a trail classification of 18%/29%/53% (beginner/intermediate/advanced and expert). www.vail.snow.com
