Crested Butte the Mountain Resort and Crested Butte the town; a combination that makes for unforgettable ski trips. The mountain has runs for every type of skier. Carve turns on one of their meticulously groomed green or blue runs, take it down the bumps on one of our blacks, or get adventurous in the experts-only extremes. Whatever your run of choice, you'll find it in Crested Butte.

The town, a short shuttle ride down the mountain, dates back to the 1880's where meticulously preserved false-front buildings reminiscent of its mining days are surrounded by unparalleled mountain views. There are no traffic lights, no chain stores, and no high-rise buildings. Fear not, Crested Butte is home to some of the Western Slope's best restaurants, coffee shops, bars, and shopping.
