Joe Harvis
National Ski Council Federation
(New Jersey)
Past President 2009-2015

I am currently the immediate Past President of the NSCF. I was first elected president of NSCF in 2009 and has been re-elected twice. Prior to my election as president, I chaired the Member Benefits committee and continue to serve in that role.

I have served as president of the New Jersey Ski & Snowboard Council from 1999 - 2002. Prior to being president of NJSSC, I served on the Exec board for 4 years and was chair of the council guidebook publication which included design and layout and soliciting advertising. This past spring, I was again elected to the NJSSC Executive board and serve as chair of our annual fall Expo committee.

I first got involved with organized ski clubs in 1986 upon joining the Trailside Ski Club of New Jersey. Over the years he has been President, Vice President, Secretary, Treasurer, Trips Chairperson and member of the board. I have run many ski trips over the years, domestic and international.

I began skiing when he was 19 but thought he would never go again after a friend who invited him took him to the top of the mountain showed him how to turn and stop an then left him there alone to make his way down the run. I decided to give it one more try and went on an organized bus trip to Lake Placid, New York that included lessons and the rest is history.

Besides skiing, I enjoy travel, cooking, attending Broadway shows, wine and wine tastings and getting together with good friends around the country. My favorite destination to visit is Paris, France.

In addition to being a member of Trailside, I am also a member of Franklin Greens Ski Plus Club also in the NJ council as well as Cabernet Ski & Race Club in the Sierra League and Council based in Reno/Lake Tahoe area of the Far West Ski Association.

Other interests are travel, wine, theater, enjoying time with friends and all things French.

I am a software developer and compliance officer. I have been with AIG for 30 years.
